Guru Ragavendran

Message From The Founder

Montane Shipping Company was set up with an idea to provide industry oriented supply chain solutions via sea, air, rail and road freight. Over the years, we have handled the toughest projects which helped us in empowering, learning and in ensuring the best services to our customers.

Our services are cost-effective and we offer reliable guidance in choosing the mode of transport through all possible routes based on the urgency of the shipment.

We at Montane constantly keep a tab on constantly changing environmental conditions to ensure hassle-free delivery of the goods. Our large network of partners spread across the length and breadth of every continent ensure support while dealing with international operations. Our goal at Montane Shipping is to be 'World's Leading Logistics service Provider' offering the best solutions to the customers.

About Us

Montane Shipping incorporated in 2004 has PAN India presence and is a multi-modal transport operator, freight forwarder and logistics company. Our expert team is stationed at all major seaports, airports, inland container depot providing a full range of logistic services be it custom clearance, warehousing, transshipment, re-forwarding, domestic distribution and a plethora of services, custom made to meet the specific needs of various customers.

Our planning, co-ordination teams devise, monitor, time the execution of services, be it on the sea, air, road and rail. Customer care, attention and satisfaction coupled with quality and cost-effectiveness are our major principles. We are committed to offering the best possible solutions and services to the EXIM Community by aligning specific requirements with affordable costs, without compromising on the rules, regulations to ensure seamless transportation of the goods.

Competent, affordable pricing even while offering outstanding services is our USP and we at Montane, ensure it round-the-clock, every day.
